SURAT, GUJARAT

SUMMARY

Enthusiastic BCA student with a solid understanding of various programming languages and technologies. Skilled in Java for Android development and basic Flutter, with a current focus on learning Kotlin. Experienced in web development with Bootstrap and HTML, and proficient in backend technologies including PHP and SQL. Passionate about expanding technical skills, with a future interest in learning C#. Also enjoys playing chess as a hobby, demonstrating strategic thinking and problem-solving abilities.

CURRENT EDUCATION:

Bachelor of Computer Applications (BCA), Semester 5

C.K. Pithawala Computer Management Department

2022 - 2025 VNSGU

Key Points

- Highlights core programming abilities.
- Emphasizes Android and web development experience.
- Expresses interest in expanding skill set (Kotlin, C#).
- Shows enthusiasm for technology and problem-solving.
- Mentions database skills (MySQL, PHP).

Learning Goals:

Future Interests

- C#
- Jetpack Compose
- JSON

STRENGTHS

Versatile Programmer

Skilled in Java, Flutter, PHP, SQL

Eager Learner

Actively expanding into Kotlin, C#

Strategic Problem Solver

Applies chess principles to coding

Web & Mobile Dev

Experienced in Android, Bootstrap, HTML

Advanced Programming Skills

Expert in Java, PHP, and SQL

Mobile Development Expert

Skilled in Android and basic Flutter

Eager to Learn

Focused on learning Kotlin, C#

Strong Problem Solver

Strategic thinker through chess

PROJECTS

Android application

2024 - Present

Student Attendance And Faculty Management

- Kotlin and Jetpack Compose
- JSON
